

AVISHKAR KEDAR

AI & Machine Learning Engineer | Data Scientist | Data Analyst

Pune, Maharashtra, India | +91 7350720383 | avishkarkedar11@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

AI & ML Engineer with hands-on internship experience across data science, machine learning, and analytics, delivering end-to-end solutions from data collection to model deployment. Skilled in Python, SQL, and Scikit-learn, with a track record of building predictive models, automated dashboards, and production-ready AI web applications across healthcare and job-market domains. Strong foundation in EDA, feature engineering, and NLP, translating data into actionable business insight.

TECHNICAL SKILLS

Languages: Python, SQL, Java, JavaScript, Dart, HTML, CSS

Frameworks & Libraries: Flask, React, Node.js, Flutter, Pandas, NumPy, Scikit-learn, NLTK, Matplotlib, Seaborn

Machine Learning / AI: Regression, Classification, Clustering, NLP, Feature Engineering, Model Training & Evaluation, Data Preprocessing

Data Analysis & Visualization: Exploratory Data Analysis (EDA), Power BI, Microsoft Excel, Streamlit

Databases & Cloud: MySQL, MongoDB, SQLite, Firebase

Tools & Version Control: Git, GitHub, VS Code, Jupyter Notebook, PyCharm, Selenium, Postman, Figma

PROFESSIONAL EXPERIENCE

Athenura Technologies — Data Science & Analytics Intern

May 2026 – Present | Remote

- Built automated analytics dashboards and reporting workflows, streamlining recurring business reporting for stakeholder review.
- Performed SQL querying, data cleaning, and visualization on production datasets to surface actionable business insights.
- Contributed to AI-driven feature development and machine learning tasks alongside cross-functional engineering and analytics teams.

Omeegasoft Technologies Pvt. Ltd. — Data Science Intern

Jan 2026 – Feb 2026 | Pune, India

- Executed end-to-end machine learning workflows — data preprocessing, feature engineering, model training, and evaluation — using Scikit-learn.
- Cleaned and transformed real-world datasets to improve model input quality and downstream prediction reliability.
- Assisted in developing analytics solutions that translated raw data into structured, decision-ready outputs.

PROJECTS

AI Job Market Analyzer

Tech Stack: Python, Selenium, SQL, Streamlit, Power BI

- Engineered an automated data collection pipeline with Selenium to aggregate job listings from multiple live sources.
- Designed an interactive Streamlit dashboard with SQL-backed storage to surface real-time hiring trends and in-demand skills.
- Delivered a complete data-engineering-to-visualization workflow enabling data-driven career and market insights.

GitHub: github.com/avishkarkedar11

AI Fitness & Diet Recommendation System

Tech Stack: Flask, Python, MySQL, Machine Learning, HTML/CSS/JS

- Built a full-stack AI web application delivering personalized fitness and diet recommendations via a custom ML engine.
- Implemented secure user authentication and profile management backed by a MySQL database.
- Deployed a practical AI application demonstrating real-world use of ML in the healthcare/wellness domain.

GitHub: github.com/avishkarkedar11

Flipkart Review Sentiment Analysis

Tech Stack: Python, Pandas, NLTK, Scikit-learn

- Developed an NLP pipeline with text preprocessing and TF-IDF vectorization for customer review sentiment classification.
- Trained and evaluated multiple Scikit-learn models, optimizing feature selection to improve prediction accuracy.

EDUCATION

Zeal College of Engineering & Research, Pune

Expected 2028

Bachelor of Engineering — Artificial Intelligence & Data Science | CGPA: 8.9

Zeal Polytechnic, Pune

2025

Diploma in Computer Engineering | 86%

CERTIFICATIONS & ACHIEVEMENTS

- Certifications: Machine Learning with Python • Python for Data Science • Java Full Stack Development
- Delivered four independent AI, ML, and full-stack projects spanning analytics, NLP, healthcare, and mobile applications.
- Hands-on experience building production-oriented dashboards and ML workflows across two industry internships.
